About Asha M. Tarsadia Institute of Computer Science and Technology

Asha M. Tarsadia Institute of Computer Science and Technology (AMTICs) is a constituent institute of UkaTarsadia University, Maliba-Campus. AMTICS is established with a mission to promote a strong and transformative technical educational environment that fosters teaching and learning in fundamentals and applied areas leading to indigenous sustainable technologies. The institute is committed to provide an open platform for diverse voices where the teaching-learning process is parallel to real-world applications. The student gets nurtured under well-experienced academicians, researchers, and industry experts who are dynamically involved and committed to tackle cutting-edge societal and technological problems around the globe.

About Event

National Statistics Day is observed in India on June 29th every year to commemorate the birth anniversary of Prof. P.C. Mahalanobis, the pioneer in statistics.

The day aims to highlight the importance of statistics in planning and policy formulation, emphasizing evidence-based decision-making. National Statistics Day encourages awareness and appreciation of statistical methods, data analysis, and their role in decision-making across various sectors.

The three events typically organized on National Statistics Day:

1. Speech Competition:

Participants deliver prepared speeches on topics related to the importance of statistics in various aspects of society, governance, or economics. This event aims to articulate the significance of statistical data and its role in decision-making processes.

2. Extempore Competition:

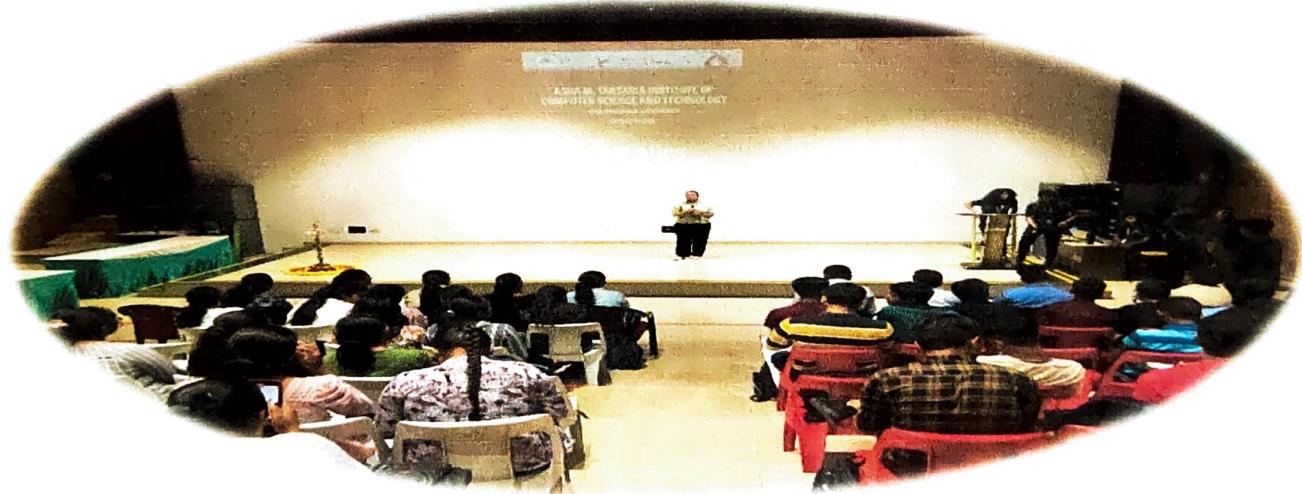

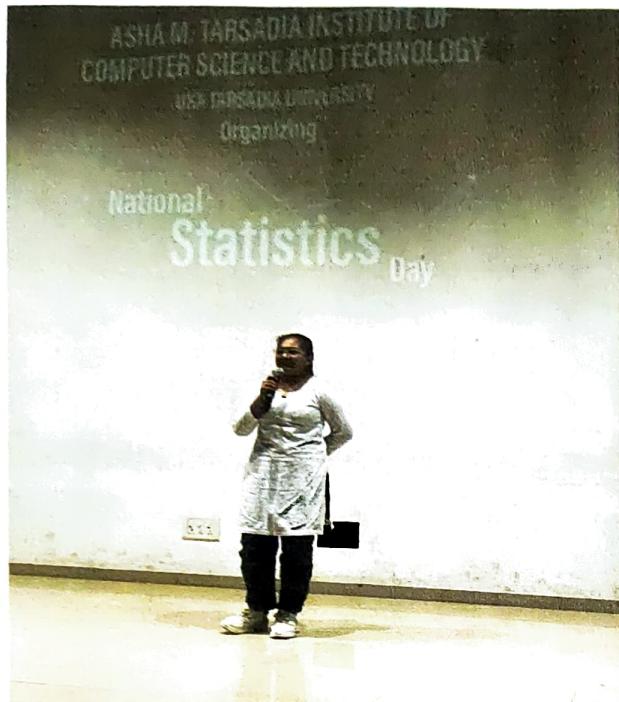

Contestants are given a topic related to statistics on the spot and are required to deliver a coherent and persuasive speech without any prior preparation. This event tests participants' ability to think quickly and communicate effectively on statistical themes.

3. Chart Presentation Competition:

Participants create visually compelling charts or infographics that effectively communicate statistical data or trends. This event encourages creativity in data visualization and promotes understanding of statistical information through graphical representation.
